Israel: Reflections since 7 October - our connection to the land and the state

The US has produced a new publication - "*Israel: Reflections since 7 October - our connection to the land and the state*". Many of you will have seen the very powerful publication, which reviews the year past and looks into the year ahead, in shul over the yamim norayim. If you were unable to read it in shul and would like a PDF copy, please [click here](#).

Jewish Legacy Awareness Month

The United Synagogue powers Jewish life through its 55 communities and the critical infrastructure and programmes it provides for the British Jewish community.

At a time of such uncertainty and worry, the importance of standing strong as a community is even greater – as is ensuring that these values are passed down to those that come after us.

By leaving a gift in your Will to the shul, you will enable GGS to thrive and ensure that it is here for the next generation.

Jokes

- If you're being chased by a police dog, try not to go through a tunnel, then on to a little seesaw and then jump through a hoop of fire. They're trained for that.
- One of my earliest memories is seeing my mother's face through the oven window. As we played hide and seek and she said: 'you're getting warmer'.
- I used to think sticks and stones could break my bones but words could never hurt me – until I fell into a printing press.
